

United States Senate

COMMITTEE ON FOREIGN RELATIONS

November 14, 1958

Mr. Jack Warner  
2430 E Street, N. W.  
Washington, D. C.

Dear Mr. Warner:

A few days ago I spoke with you about a number of questions that the Subcommittee on Disarmament is using as the basis for its future work. I am enclosing the full list of these questions because you and your colleagues might be interested. However, I have checked in red only those which appear of direct concern to your agency.

We would like to receive information on these questions, in writing if possible and also during hearings in January. Before you proceed you may first wish to discuss the matter with us, in which case we would be pleased to meet with you and any other of your associates.

We shall appreciate your cooperation and assistance.

Sincerely,

*Betty Goetz*  
Betty Goetz  
Staff Director  
Subcommittee on Disarmament
